

① Assessment

② Integration

③ Enhancements

What are clients saying

"Our experience working with LAN Infotech and its engineers has been very rewarding for our firm. We count on Lan Infotech's team to engineer, maintain, coordinate and monitor our systems."

Ricardo Gonzalez-Rosa
IT Director
Katz Barron Squitero Faust

"We are a loyal LAN Infotech client and have had the pleasure of working with them on a major network infrastructure project. We find their network engineers to be knowledgeable regarding the latest hardware and software solutions. LAN Infotech is especially strong when it comes to network security issues."

Lisa Carman
Office Administrator
Siegfried, Rivera, Lerner,
De La Torre & Sobel, P.A.

"We have used LAN Infotech for quite some time as our outsourced IT department. Without them we would not be able to complete large projects in a timely manner. We have such a good relationship with LAN Infotech that we rely on them for keeping us informed on the latest technology and new applications that keeps us ahead of our competition."

Carlos Figueras
IT Manager
Terranova Corporation

Delivering Affordable Business and Technology Solutions

Now there's a complete solution to delivering **high-value** IT programs in a **timely** and **professional** way

"ACHIEVING EXCEPTIONAL ROI FROM ENGINEERS WHO DEPLOY SOLUTIONS RANGING FROM SIMPLE INTERNET CONNECTIVITY TO BUSINESS CONTINUITY, MANAGED SERVICES AND NETWORK LEVEL SECURITY."

HAVE YOU EXPERIENCED

expensive IT consultants that don't deliver?

LAN Infotech

has qualified engineers that tailor to your individual needs.

ARE YOU FRUSTRATED

that your network is slow and when it fails, you have no Help Desk to assist rapid back-up and any repair can take days?

LAN Infotech

has a state-of-the-art Help Desk that enables certified engineers to get to the problem immediately, and if it can't be resolved remotely, a service engineer will be on-site within an hour.

ARE YOU CONCERNED

that the IT capability that you have already invested in has not achieved the returns expected?

LAN Infotech's

mission is to make sure that your IT investment will always generate a return from the day of installation.

NOT SURE HOW

to integrate a new application into your existing system?

LAN Infotech

is able to audit your current applications and recommend a solution that will integrate into your existing network at a competitive cost.

A process
that **WORKS**
